

*Reprimand*

20 December 1956

ATTN : **St/I/R**  
[REDACTED] 25X1A9a  
Chief, S/OM

Requirements for ORR 10351

1. As detailed information as possible on the methods followed in carrying out inspection and quality control, including the role, if any, of Soviet personnel.
2. Specific instances, if any, of decentralization of authority from higher administrative levels, e.g., in the fields of formulating, carrying out and modifying the annual plan; redistributing the investment fund, working capital, and wage fund; hiring and firing of personnel.
3. Any indications (or views on the likelihood) of enlargement of the participation of workers in factory management through workers' councils or other means.
